Don't see an option that you want for your model? We can customize our plans to suit your needs!

Features and dimensions listed are subject to change without notice. Dimension ranges are approximate and are rounded up for base layout from farthest point in each direction. As a result, home may still fit on lot even if building envelope does not maintain stated width or depth. Square foot areas are approximate and computed using exterior dimensions and include open areas on 2nd floor. Although all specifications are believed to be true at the time of publication, accuracy cannot be guaranteed. 00620811
